Eureka affonda le radici in una delle realtà imprenditoriali ed industriali più importanti d'Italia, in cui ha saputo svilupparsi ed affermarsi a livello mondiale.

Oltre ad un'estensiva rete commerciale italiana, siamo presenti in oltre 40 paesi nel mondo.

Grazie a queste premesse, siamo cresciuti e ci siamo sviluppati forti di quei valori che vedono la centralità della persona come fattore di successo, centro di attenzione ed elemento caratterizzante dell'impresa nella quale operiamo, oltre che la società ed il territorio nei quali viviamo.

La forza di Eureka è la filiera produttiva interna e la conseguente capacità di seguire lo sviluppo di un prodotto in tutte le sue fasi, dalla ricerca e sviluppo al prodotto finito. L'evoluzione delle tecniche produttive e la ricerca della qualità nei processi di lavorazione mostra il **costante impegno dell'azienda nell'offrire un servizio eccellente.**

Eureka has its roots in one of the most important entrepreneurial regions of Italy, in which has developed and established on a world wide scale.

In addition to an extensive Italian sales network, we are present in over 40 countries around the world.

Thanks to these preconditions, we grew and developed, building on those values which put the person as a key factor and characterizing element in the company and in the territory we live in.

Eureka's strength is its internal production chain and the consequent ability to follow the development of a product in all its phases, from research and development to the finished product. The evolution of production techniques and the search for quality in manufacturing processes shows the **company's constant commitment to offering an excellent service.**

FILO: Il profilo in alluminio che esalta il tuo stile.

Il profilo in alluminio FILO valorizza l'estetica minimalista delle ante, conferendo un'eleganza visiva senza eguali. Questa gamma di profili si adatta perfettamente a pannelli di vari spessori e materiali, rendendola la scelta ideale per ogni tipo di progetto d'arredo. Che si tratti di ante scorrevoli in vetro o di ante a battente in MDF, laminato o vetro, FILO le incornicia con raffinatezza, aggiungendo un tocco di classe a ogni ambiente.

FILO: The aluminium profile that enhances your style.

The FILO aluminium profile elevates the minimalist aesthetic of doors, delivering unmatched visual elegance. This range of profiles seamlessly adapts to panels of various thicknesses and materials, making it the perfect choice for any interior design project. Whether it's sliding glass doors or hinged doors in MDF, laminate, or glass, FILO frames them with sophistication, adding a touch of refinement to any space.

La versatilità del nostro profilo in alluminio con frontale in vetro si traduce in un'ampia possibilità di personalizzazione, consentendo di realizzare soluzioni su misura che garantiscono un'esperienza utente fluida dal design armonioso.

/

The versatility of our aluminium profile with a glass front translates into a wide range of customisation options, allowing for bespoke solutions that ensure a seamless user experience with a harmonious design.

1041A

Con l'introduzione dell'anta battente o cassetto con cornice in alluminio, FILO si trasforma da semplice profilo a elemento di connessione che conferisce carattere e stile distintivo a ogni ambiente, trasformando lo spazio in una vera e propria dichiarazione di personalità.

/

With the introduction of the hinged door or drawer with an aluminium frame, FILO transforms from a simple profile into a connecting element that adds character and distinctive style to any environment, turning the space into a true statement of personality.

1036A

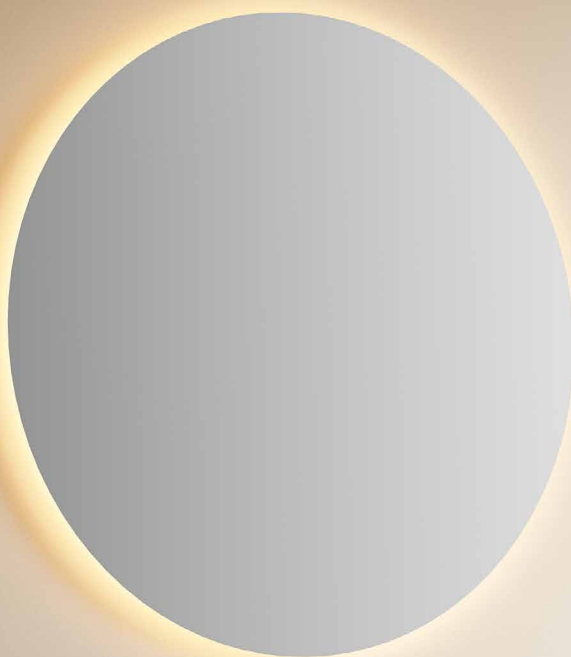

Questa nuova versione con profilo in alluminio si distingue per la maniglia progettata per offrire una presa confortevole e sicura. La sua struttura si integra armoniosamente con le linee eleganti del profilo, combinando funzionalità e raffinatezza per un risultato estetico moderno e durevole.

/

This new version with an aluminium profile stands out for its handle, designed to offer a comfortable and secure grip. Its structure blends harmoniously with the elegant lines of the profile, combining functionality and refinement for a modern and durable aesthetic result.

1021A

Nella versione con maniglia integrata, FILO introduce un profilo in alluminio che unisce struttura e funzione in un gesto continuo e armonioso. L'apertura diventa naturale, guidata da un segno minimale che unisce funzione ed eleganza.

/

In the version with integrated handle, FILO introduces an aluminium profile that seamlessly blends structure and function into a single, fluid gesture. Opening becomes instinctive, guided by a minimal line where elegance meets functionality.

1096A

FILO si distingue per la sua capacità di trasformare i dettagli in protagonisti, incorniciando con eleganza ogni superficie. Grazie alle ante scorrevoli offre un perfetto equilibrio tra funzionalità e bellezza minimalista.

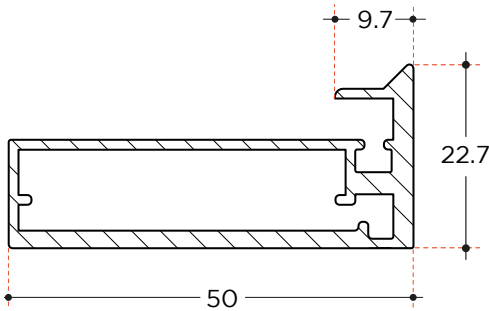

/

FILO stands out for its ability to transform details into focal points, elegantly framing every surface. With its sliding doors, it offers a perfect balance between functionality and minimalist beauty.
